

TO: STUDENTS AND STAFF

FROM: DR JM MABELEBELE, REGISTRAR

DATE: 17 JANUARY 2024

SUBJECT: REGISTRATION DEADLINE FOR CONTINUING STUDENTS AND RELATED MATTERS

According to the 2024 University's Academic Calendar, the last day of registration for all returning students is Friday, 19 January 2024. In light of the registration challenges experienced by a number of our continuing students, including those that are ITS system related, the deadline for registration for this category of students is hereby extended to Friday, 26 January 2024.

My office has also been informed that a number of continuing postgraduate students are not being admitted onto the system because the requisite ITS menus have been deactivated as part of measures to protect the security and confidentiality of embargoed 2023 Grade 12 results, necessitated by contractual agreement between the University on the one hand, and the Department of Basic Education and Universities South Africa (USAF), on the other. The menu for the admission of these postgraduate students will be restored on Friday, 19 January 2024, and these category of students will accordingly be assisted from Friday, 19 January 2024.

We apologise profusely for the inconvenience caused.

Yours Sincerely

DR JM MABELEBELE
