- Ability to work under pressure and meet deadlines
- Committed and dedicated work ethos

KEY PERFORMANCE AREAS

- Liaise with the clinical Coordinator regarding activities for the clinical placement of students in the four areas of Nursing, (e.g. General Nursing, Community Health Nursing, Psychiatric Nursing and Midwifery) as well as postgraduate diploma students in their areas of specialty
- Liaise with the clinical Coordinator in arranging placement schedules for all the students in the facility as outlined by the clinical placement areas
- Attend all placement meetings in the facilities and in the province where nursing students are placed
- Assist with students registration at the University and at the South African Nursing Council at all stages of the students' training
- Lead the placement timetable of students to ensure that this complies with the South African Nursing Council requirements
- Develop the study material and workbook for students' skills training
- Keep a viable, collegial and professional relationship with preceptors in the clinical facilities
- Liaise with clinical coordinators and facilities in between the meetings should this be necessary
- Liaise with clinical coordinators in the arrangement and booking of transport for all the students and staff members
- Keep a record of all clinical practice trips undertaken by students and staff and secure a quarterly expense record for the Clinical Training Grant reports
- Ensure that each clinical facility receives correct clinical placement schedules with accompanying documents on time, e.g. learning outcomes, learning guides, workbooks and hour schedules
- Ensure that students have adequate PPEs for practice at all times as well as ensuring a constant reservoir of required PPE
- Manage and resolve clinical accompaniment related issues as raised by staff, students and facilities
- Teach/demonstrate/simulate clinical skills to students at all relevant levels when required
- Follow up and supervise students every time they are in the practice areas to comply with the Gauteng Department of Health stipulations and the South African Nursing Council requirements
- Keep records of students' activities and movements while in the clinical areas
- Prepare for and conduct formative and summative assessments for all levels relating to clinical skills
- Continuously maintain and upload students information relating to clinical skills including:
 - Record of placements
 - Record of attendance
 - Record of time spent at clinical
 - Any record that impacts on the students clinical practice
- Support staff appointed specifically for clinical facilitation
- Establish good relations with SMU and external stakeholders
- Develop relevant reports and consult/communicate with relevant stakeholders on all matters relating to clinical facilitation/training in the department

- Actively improve the departmental image internally and externally
- Contribute to the overall development of SMU, and actively promote institutional culture
- Any other duties assigned by the HOD and/or Dean
