- Research Leader and Mentor
- Generate significant external funding for research projects
- Substantial scholarship that is recognised at national level or leadership in community engagement that is nationally recognised

- Understanding of the challenges facing the Higher Education Sector
- Proof of exposure as team leader
- Ability to exhibit effective leadership style and a commitment to higher academic standards.
- Commitment and ability to promote the Department's mission and position to internal University constituencies and external stakeholder
- Proven ability to navigate online platforms such as Blackboard Collaborate, Zoom and Microsoft Teams with requisite proficiency
- Computer literacy, with a sound knowledge of MS Word, MS Excel, Internet, and competency of ITS

COMPETENCIES

- Technical/ professional knowledge and skill
- Strategic decision making and problem solving
- Resource management
- People management, including performance management
- Building strategic alliances and partnerships
- Commitment and ability to promote the Department's vision and mission to internal University constituencies and external stakeholders
- Personal impact, Stature and Credibility
- Emotional intelligence and political sensitivity
- Management of complexity and ambiguity
- Action orientated
- Facilitating change
- Team player

KEY PERFORMANCE AREAS

- **Academic and Research Leadership**
 - Teach courses/modules according to the needs of the department
 - Maintain and continuously strive to improve personal academic standing
 - Admit students into offerings in the department and ensure that examinations are of acceptable quality and are properly administered
 - Encourage the pursuit of excellence and innovation in teaching and learning
 - Encourage the pursuit of scholarship by ensuring that academic staff members are encouraged and supported to embark on research and community engagement activities which respond to SMU's vision and mission
 - Seek new opportunities for enhancing the national and international standing of the University and Department
 - Promote collaboration with other Departments or Centres
 - Develop a culture of evaluation and benchmarking and striving for continuous improvement
 - Represent the interests and needs of the Department and University to the external community
 - Represent the interests and needs of the Department within the University through active engagement with the School Board, School, Senate and all its Committees
 - Create and maintain a visionary research strategy for the department; and an environment that encourages research, leading to strong active research habits and a culture of inquiry

- **Department Governance**

- Establish and maintain suitable Departmental Organisational and Committee structures
- Develop and maintain operational and academic planning functions of the Department including setting goals and targets
- Implement quality assurance processes in general and particularly in relation to teaching, research and the supervision of students
- Ensure optimal utilization of staff
- Ensure that University policies are implemented within the Department
- Communicate timeously information and decisions to and from various University committees and authorities

- **Staff Guidance and Management for Performance**

- Foster the development of staff, including induction of new staff by ensuring that appropriate career development and guidance support are available for staff on probation within the department
- Ensure that personnel issues in the Department are managed fairly and equitably, including but not limited to, recruitment and selection of staff, annual staff performance assessment and staff discipline and grievances
- Establish mechanisms to ensure that health and safety policies are observed throughout the department, including activities (e.g. fieldwork) conducted outside University premises
- Ensure that the Code of Ethics and Conduct of the University is adhered to
- Builds an effective team of scholars through:
- Planning and implementing a fair and reasonable dispensation regarding the workload of staff members in the department;
- Planning and implementing a clear and reasonable career path for every staff member in the department, taking account of the strategic plans of the University, School and Department;
- Appropriate mentoring interventions where and whenever it is needed;
- Managing staff member's performance including joint appointees in accordance with existing university policies and procedures;
- Recruitment and selection of scholars in the case of vacancies and/or specific strategic needs, whenever strategic repositioning requires expansion of academic endeavors;
- Creating and maintaining a scholarship-friendly environment in the department;
- Planning and overseeing effective and relevant staff development

- **Financial and Infrastructure Management**

- Take responsibility for financial management of the Department, including establishment of budgets and planning departmental infrastructure needs including relevant equipment and monitoring expenditure patterns against allocations/budget
- Actively pursue opportunities to increase revenue for the department
- Manage and maintain departmental space and infrastructure resources
- Create conducive work environment including staff and student training
- Ensure compliance with legislation and University policies and regulations

- Contribute to the overall development of SMU and actively improve institutional culture
- Carry out other functions as may be required by the Line Manager
