

DVC: TEACHING, LEARNING AND COMMUNITY ENGAGEMENT

END OF THE YEAR MESSAGE TO ACADEMIC STAFF AND STUDENTS AT SMU

Dear Academic Staff Members and Students

As the 2020 year comes to close, let me thank you for incredible work, dedication and commitment you exhibited throughout this uncommon year with all its challenges.

The final year students have taken their oaths and will be starting with their internships and community services in their respective areas of specialities in health services where their skills are mostly required.

To the final year students who are leaving this year I wish you the very best for a happy and healthy future.

To those who are celebrating Christmas I wish you well with your families and for those who are travelling safe journeys and continue adhering to health and safety protocols.

Yours Truly

Prof Eunice Seekoe

Deputy Vice Chancellor: Teaching, Learning and Community Engagement
Sefako Makgatho Health Sciences University.
